

Biobehavioral Aspects of Oral Airway Dysfunction and Sleep Disorders in Children: Adopting a Multidisciplinary Approach to Treatment

Paula Fabbie, RDH, BS, COM
Rochelle Zozula, PhD, D-ABSM
Michael Bergstein, MD, FACS
Surgical Director, Sleep Center at Phelps Hospital

OBJECTIVES:

- Explain normal sleep pattern in children and adolescents
- Explain the anatomy and physiology of the upper airway and oral cavity
- Delineate specific sleep disorders in children and how orofacial myofunctional disorders may contribute to the development of these disorders
- Discuss how school performance and daytime behavior are affected by sleep disorders and improper patterns of respiration
- Discuss the benefits of early identification, diagnosis, and multidisciplinary treatment for these disorders

DATE: Sunday, September 25th

TIME: 9:00 am – 4:30 pm

PLACE: Phelps Hospital
701 North Broadway
Sleepy Hollow, NY 10591
